Become a supporter

Country Sport Scotland continues to work closely with partners across government agencies, the country sports lobby, Scottish Land and Estates, and the Scottish Tourism Alliance to ensure the value of our sector. This approach allows us to be heard by ministers, civil servants, media, and opposition politicians alike.

We are focusing on enhancing our communications and marketing. Importantly we cannot do this alone but hope to provide a mechanism to act as a force multiplier for the marketing initiatives of individual sporting businesses. Our role has never been more important and we need to ensure adequate funding is in place.

Your contribution as a supporter is enormously significant to us; and fundamental in supporting the work we do to represent the sector and goes towards maximising the potential of country sports tourism to Scotland.

By becoming a valued supporter, you will also receive a copy of the two issues of Shoot in Scotland magazine and a twice-year report on our marketing outputs.
